

## **Band After School Online Lessons (Substitute for Video Performances)**

Students may choose to attend these online lessons or submit performance videos. It is preferred that students do the lesson instead, so that concepts unique to their instrument can be properly addressed. The passages to be played for the video will be based on the student's ability level, and is due on the same day that the lesson occurs. Therefore, if you are not attending, it is the student's responsibility to inform the teacher beforehand and find out what passages you should play for your video. If you attend the entire lesson, you will automatically receive an "8" (perfect score) for that assignment. If you submit a video, it will be graded based on the quality of your performance. In order to attend, use the Google Meets that you would normally use for class. Assemble your instrument and log on five minutes before your scheduled start time, and keep your camera off until I start working with you. In other words, you are going to "enter" the room before the previous section has finished.
