

Panorama Student Perception Survey

November 15, 17, 18

Aloha NVMS Parents/Guardians,

We are again nearing that time of year where your child(ren) will be asked to share his/her perspective regarding the climate of our school and his/her classrooms. We value each child's voice and we will be using this data as a Core Professionalism tool for teachers to reflect upon.

If you do not want your child to participate in the Panorama Student Perception survey, please go to Panorama Student Perception survey, please go to [Panorama Declination form](#) where you will find information about the survey along with access to the Declination Letter (translated in different languages).

We ask that you please fill out the Declination Letter and send it to the following email: optoutpanorama@nvms.k12.hi.us. Thank you!
