The IB Mission Statement:

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end, the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

As an IBMYP school, we strongly believe that our schools are in partnership and service to the community, and therefore, it is a relationship we hold with aloha and integrity. Should a concern or need arise, we are open to addressing and meeting the concern with compassion in a timely and professional manner.

Please reach out first to your child's teacher if it is a class-specific inquiry, secondly to our IB coordinator and/or vice principals via email or phone call, and we will mobilize and involve the appropriate staff to address your concerns about our programme. If you have further inquiries, you may make an appointment to see the principal through our office staff.
