

Dear Mr Tam and Niu Valley Middle School 6th Grade Art Classes,

Thank you for partnering with PAWS of Hawaii once again, to share awareness and education about animal welfare and rescue. Everyone with PAWS loves your annual class project and we are so happy and proud to be a part of it. Visiting your class with Rosebud was such a treat, I loved hearing about all of your own experiences with animals.

Thank you for putting together such a wonderful art show and for bringing your families and friends out to support! In addition to it being a really fun event, the sales of your artwork generated \$1439.00! The services that PAWS provides for the community and for the fosters caring for the dogs are all funded by donations and your contribution is so greatly appreciated to be able to continue doing what we love - spreading aloha and awareness and helping the dogs and communities here in Hawaii.

Mahalo for your hard work, creativity, and your generosity.

Thank you,

Katie Decker
PAWS of Hawaii educational outreach

PS- Rosebud says Mahalo! She had such a great time with you in class that she fell asleep as soon as we got in the car. She was a happy girl!
