The 27-year friendship agreement between Hiroshima Prefecture and Hawaii promotes cultural and educational exchange. It allows the students currently enrolled in Hawaii public schools to attend the Hiroshima Global Academy (HiGA) for three years, preparing them as global leaders. HiGA, a public international baccalaureate school, offers a diverse curriculum and welcomes 20 international students annually . Hawaii students can earn an International Baccalaureate diploma tuition-free, only covering dormitory and food costs.

In conjunction with the Hawaii Department of Education, we are offering a week-long school experience this June for students interested in attending HiGA. Please pre-register using the QR code on the right by Friday, February 28th in order to determine the number of applicants. Please note that if there are too many applicants, a selection will be made.
